

## **BASIC PERSONAL GEAR FOR WEEKEND CAMPOUTS**

For anyone new or that is wondering what they should bring for a normal weekend campout, here is the basic list covered by one of the Troop Quartermasters at a recent meeting:

- Flashlight
- Books/Religious Book
- Water Bottle
- Bag(Backpack/duffle)
- 2 Underwear
- 2 Shirts(One long sleeve one short sleeve)
- 2 Socks
- 1 shorts
- 1 long pants
- Poncho
- Toothbrush and Toothpaste
- Deodorant
- Sleeping bag
- Sleeping pad(optional)
- Pillow
- Scout book
- Fireman chit (If earned)
- Totin Chip(if earned)
- Knife(If they have a totin chip)
- Personal First Aid kit

Scouts should keep their flashlights and water bottles with them and not pack them so that they don't have to get out their bags and find them when we get to the campsite.

Also when packing keep in mind that this is a basic list, I would suggest that you look at the weather forecast on Thursday night before the campout and at the list of planned activities to add additional needed items.
